

MICHAEL B. SELLMAN
President and Chief Executive Officer
NUCLEAR MANAGEMENT COMPANY, LLC

Michael B. Sellman brings more than 30 years of nuclear experience to his job as president and chief executive officer of the Nuclear Management Company. NMC was formed in February 1999 by Wisconsin Electric Power Company, Northern States Power, Wisconsin Public Service and Alliant Energy.

In addition to his work at NMC, Sellman serves on boards of the Institute of Nuclear Power Operations and the Nuclear Energy Institute, as well as on the Nuclear Energy Research Advisory Committee.

Sellman joined Wisconsin Electric as senior vice president, Nuclear Power Business Unit, and chief nuclear officer in 1998. He previously was vice president of Operations of Entergy Nuclear, Inc. and served as president of Maine Yankee Atomic Power Co. Entergy Operations, Inc. in 1993 hired him as general manager, Arkansas Nuclear One. Later that year, he was named general manager, River Bend Nuclear Plant, and in 1996 he became vice president of the Waterford Nuclear Plant.

Prior to joining Entergy, Sellman held various positions with Northern States Power Co. between 1974 and 1993. From 1969 to 1974, he served in the U.S. Navy in the Division of Naval Reactors after being qualified in submarines in 1968.

Sellman earned a Certificate of Completion from the Bettis Reactor Engineering School, Westinghouse Bettis Atomic Power Laboratory in 1970, and in 1976 he received his Senior Reactor Operator's License.

Sellman also received a bachelor of science degree in physics with high distinction from the University of Minnesota in 1969. In 1973, he received a master of science in nuclear engineering from Catholic University and in 1987 he earned a certificate of completion from the Kellogg School of Business, Northwestern University.
